Summary

Python Developer with 1 year of hands-on experience in Artificial Intelligence, Machine Learning, and workflow automation. Proficient in building intelligent chatbot systems, designing automated workflows, and developing web applications. Focused on creating scalable solutions that enhance efficiency and drive business value.

Experience

Python Developer

June 2025 - March 2026

Arfa Karim Technology Incubator

[Lahore, Pakistan](#)

- Built intelligent chatbot systems using Python and LLM APIs (Claude, OpenAI) with natural language processing capabilities.
- Designed and implemented workflow automation solutions using n8n, integrating multiple APIs and data pipelines.
- Developed website bots and no-code automation solutions to streamline business processes and improve efficiency.
- Created responsive web applications using React and Node.js with modern UI/UX design principles.
- Conducted research and experimentation with TensorFlow and Keras deep learning models for classification tasks.
- Collaborated with cross-functional teams to gather requirements and deliver AI-powered solutions on schedule.
- Stack: Python, JavaScript, React, Node.js, n8n, TensorFlow, Flask, MongoDB

Languages

English · Professional Proficiency

Urdu · Native / Bilingual

Interests

AI Research · Open Source · Automation · Web Development

Notable Projects

- LLM-powered Chatbot (Python, Claude API, OpenAI)
- n8n Workflow Automation (multi-API data pipelines)
- Deep Learning Classifier (TensorFlow/Keras, 92% accuracy)

Skills

Technologies -

Python - JavaScript - HTML,
CSS - Node.js - React -
Flask - FastAPI - n8n

Tools -

Github - VS Code - Antigravity - N8n -
Claude - ChatGPT - Copilot - Cursor -
OpenAI APIs - Ollama

AI & Machine Learning -

TensorFlow - Keras -
Scikit-learn - NLP -
Deep Learning - LLMs

Education

AI & Machine Learning

- Arfa Karim Technology
Incubator
- 8 Months - 2025-2026
- Lahore, Pakistan

Matriculation

- Lahore Grammar School
- Passed 2025
- Lahore, Pakistan

Certifications

Foundation of Finance

- University of Cambridge

Certified AI Student

- IQA USA

Foundation of AI & ML

- Microsoft
